		SHOWREEL LINK: TBC	

WRITE UP

With an education background in drama and theatre, Debré broadened her skill set by eventually moving into the television industry. Quickly finding her niche in production and with a "little bit" of an OCD mindset, she controls productions tightly and runs them (and her crew) to a tee. This no nonsense PM gets the job done. Debré has also recently started branching out to directing, never quite escaping her love for performance.
