## WRITE UP

As a performer in theatre, film and television, Pascual also wanted to expand his experience by working behind the scenes and growing in the entertainment industry.

He started off by doing street castings for a new casting studio in Cape Town and from that moment he knew that finding people for the right job, was not only exciting but life changing for some of them.

Between acting jobs Pascual took on his first cast coordinating job for a game show on SABC 2 – “Beter assie Bure”.

In 2018 he started working as a freelance casting coordinator at Afrokaans film and TV, where he sourced and managed contestants for two seasons of the well-known VIA dating show, “Die Kliek”. He then wanted to work not only on reality TV but also scripted/narrated TV shows and landed a position on kykNET’s “Die Spreeus” as not only an actor in the show but also the 2nd AD.

Following that he was asked to work on kykNET’s new reality dating show “Hoor my, sien my, soen my” as a casting director and coordinator. This was then followed by another kykNET production “Maak my famous 2” where Pascual also works as the Cast coordinator.
