WRITE UP

Starting out in the film industry in 2010, Theuns gravitated towards the career of an assistant director and hasn't looked back since. His outgoing and leadership orientated personality allows him to work with various characters on set and also manage them closely. He has experience over all platforms including international and local features, tv series, tv drama, commercials and tv reality. Theuns also has experience with S.A.G. MMS6 scheduling tools. Furthermore, he is experienced in Aerial work (Helicopter work), action stunts, explosions, gunfire, stunt driving and just keeps adding more skills to his ever increasing repertoire. Full of energy, young and vibrant, with people skills for days, he is a team leader with a loving, but loud voice.
